WHERE GREAT STORIES BEGIN.

In a world of endless chatter, one brand rises above the rest ...
with clarity, sincerity, and authenticity.

Live & Tell ... We are the cultivators of self-expression.

The champions of individual adventures. From bustling cities to quiet corners.

From grand stages to intimate gatherings. We don't just create apparel.

We inspire narratives where every thread is an ink stroke, and every look tells a story.

To the dreamers and the doers, we offer a platform for creativity.

To the bold and the brilliant, we provide the means to shine.

Because your voice needs an audience. And your passion deserves a spotlight.

Live & Tell. Where Great Stories Begin.

HOW ARE WE DIFFERENT?

The Details

At Live & Tell, we strive to offer apparel that embodies elevated style, comfort, and quality. Our goal is to bring a retail-inspired twist to market blanks, providing customers with options that go far beyond the basics. Each new style we introduce is carefully crafted with innovation and elevation in mind. We pay attention to every detail, from hem sizes to rib gauges, neck tapes to sleeve detailing. Whether it's unique stitching, specialty seam placements, shaped hemlines, luxurious soft combed ring spun cotton fabrics, or elevated trims, it's the thoughtful details that set Live & Tell apart from the competition.

Uniqueness of Style

Live & Tell focuses on offering a unique product line that includes fashion, thoughtful details, high-quality fabrics, and styling that is unique to the industry. We strive to offer apparel that encompasses elevated style, comfort, and quality. Our ultimate goal is to offer a retail spin on market blanks to give customers options far beyond basic.

Fabric: Vintage Wash

Vintage Wash fabric is a wash process that took years to develop and perfect. The result of our extensive development is the ultra-soft hand and faded “vintage” look without any bleeding or dye migration. Vintage Wash offers customers a high-end tee with elevated details that is unique to any other product on the market. Decorators have also called this fabric the best in the industry for discharge printing. Others offering a washed product are using pigment dyes. The dye can cause a harsher hand feel and puts the garments at risk for dye migration and bleeding during consumer washing and decoration.

Fabric: 3-End Fleece

With the exception of our specialty Vintage Wash fleece, all Live & Tell fleece is offered in super soft 3-end fabric with 100% cotton face allowing for a cleaner decoration and better ink absorption for durability and ease of care.

Fabric: Combed Ringspun Cotton

Live & Tell proudly provides an elevated fabric experience by utilizing luxurious soft combed ring-spun cotton. This ensures that both our adult and youth products are easy to decorate, durable, and offer an exceptional hand feel.

100% Cotton Thread: Perfect for PFD

We sew all White & Ash garments with 100% cotton thread to ensure easy garment dyeing and vibrant, even colors. Cotton thread absorbs dyes effectively, resulting in consistent and high-quality shades. Its soft, durable, and natural composition, free of synthetic coatings, allows for optimal bonding with dyes. Additionally, cotton thread is more eco-friendly than synthetic options, making it the superior choice for textile dyeing and sustainable production.

Vintage Wash

**AN ULTRA-SOFT FEEL AND A FADED, AUTHENTIC
“VINTAGE” APPEARANCE.**

Vintage Wash fabric is the result of years of meticulous development to achieve perfection. This process produces an ultra-soft feel and a faded, authentic “vintage” appearance, all without concerns of bleeding or dye migration. Vintage Wash delivers a premium-quality tee with refined details, setting it apart from any other product in the market.

*The Live & Tell Vintage Wash assortment achieves its authentic look and feel through a special wash process, which creates unique and natural variances in texture, distress, and shade. These are intentional and are NOT considered defective.

Fabric that captures the authentic, washed look of garment dyeing while maintaining color stability.
