Giving Back

Making a Difference Beyond Apparel

At L.A.T. Apparel, we believe our impact extends beyond the products we make. Supporting our communities and giving back to families in meaningful ways is a responsibility we take seriously and a value that guides our team year-round.

Fisher House Foundation and **Bert's Big Adventure** – two organizations hold a special place in our hearts.

These partnerships remind us that even small acts of generosity can make a meaningful difference. Whether through financial support, volunteer efforts, or awareness initiatives, we are proud to stand along-side organizations that bring comfort, strength, and hope to those who need it most.

Giving back isn't simply something we do. It's part of who we are.

Our Commitment – Together with our employees we're dedicated to supporting causes that strengthen families, honor service, and create moments of joy that last a lifetime.

FISHER HOUSE FOUNDATION provides comfort homes where military and veteran families can stay free of charge while a loved one receives medical care. Their mission helps families stay together during life's most challenging moments, providing support, stability, and a sense of home when it's needed most.

BERT'S BIG ADVENTURE creates unforgettable experiences for children with chronic and terminal illnesses and their families. Through uplifting programs and once-in-a-lifetime adventures, they provide joy, hope, and lasting memories to families facing extraordinary challenges.

New colors. New prints. New possibilities.

Every season begins with a blank page.

A new color waiting to tell a story. A fresh print ready to spark an idea. A style designed to become someone's next favorite. For 2027, we've expanded our collection with thoughtfully curated colors, trend-inspired prints, and new silhouettes created to help decorators bring more creativity, versatility, and value to every order.

From rich naturals and washed tones to statement-making patterns and updated essentials, this year's introductions are designed to work seamlessly with the styles you already know and trust. They're fresh enough to inspire new opportunities while remaining grounded in the quality, fit, and consistency that define our brands. Whether you're creating for retail, teams, events, schools, resorts, or everyday wear, these new additions give you more ways to build collections, tell brand stories, and connect with customers. Because great decoration starts with a great framework.

Welcome to what's new for 2027. We can't wait to see what you create.

At Live & Tell, fit isn't an afterthought. It's part of the design process from the very beginning.

We combine real-world body measurements and Alvanon fit and sizing standards to better understand how people are built and how apparel should fit. Insights gathered from thousands of bodies help us design with today's diverse consumers in mind, creating styles that feel considered across sizes and life stages.

But great fit is about more than measurements and data. It's about translating those insights into thoughtfully designed silhouettes, proportions, and sizing that work together consistently from style to style.

The result is apparel that looks better, fits better, and feels better, giving customers greater confidence when choosing a size and creating a more reliable experience with every purchase.

For our partners, a more consistent approach to fit can also mean greater confidence at the point of sale, fewer fit-related returns, and a product customers can come back to again and again.

Because when customers know what to expect from the fit, they can spend less time thinking about the size on the label and more time living in what they love.

Real bodies. Better data. A fit you can trust.

Vintage Wash

The Softest Fabric Ever.

Lived-In Softness. Built for Decorating.

Some garments feel broken in from the very first wear. This is one of them. Our Vintage Wash Collection combines an exceptionally soft hand feel with rich, garment-washed character, creating styles that look like longtime favorites from day one. Each piece is crafted for comfort, with a relaxed, lived-in appearance and unique color depth that only gets better over time.

But softness isn't the only story.

Unlike many vintage-inspired garments, this dye process ensures you will not have dye migration or discoloration that can impact decorated apparel. That means decorators can achieve the worn-in look customers love without sacrificing print quality or confidence in the finished product.

The result is the best of both worlds: premium softness, vintage character, and dependable decoration performance. Whether you're creating branded merchandise, resort wear, or everyday lifestyle apparel, our Vintage Wash Collection delivers comfort that's impossible to ignore and quality you can count on.

Features You'll Love

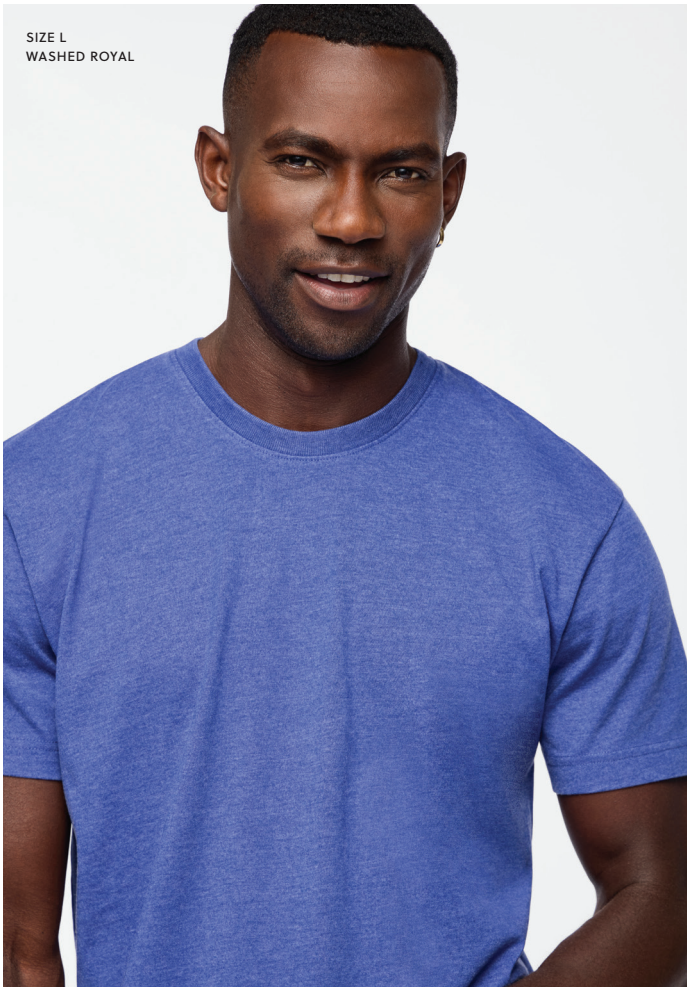

- Exceptionally soft, lived-in feel
- Unique vintage-washed colors
- Bleed Resistant Technology™ to help prevent dye migration
- Consistent fit and premium construction
- Ideal for decorating and retail-inspired programs

Vintage style. Incredible softness. Decoration-ready performance. That's the difference.
